A1 Elkesley Junctions Improvement Scheme

We write to advise you of an upcoming closure of the A1 southbound carriageway.

In addition to previously advised weekend closures an overnight closure will also be implemented on Thursday evening 16th April and is required to carry out preparatory works prior to the full weekend closure.

Full Carriageway closure from		To		Details	
<i>Thur 16th April</i>	<i>20:00</i>	<i>Fri 10th April</i>	<i>06:00</i>	<i>Southbound</i>	<i>Road Closed</i>
Also the previously advised Full Weekend Closure					
<i>Fri 17th April</i>	<i>20:00</i>	<i>Mon 20th April</i>	<i>06:00</i>	<i>Southbound</i>	<i>Road Closed</i>

We apologise for any disruption these works cause and we thank you for your continued patience. In order to minimise disruption we will attempt to reduce the noise from these activities as far as possible and will also seek to carry out as much of the noisiest activities during the day, or away from the village at night

The southbound A1 road will be closed at Apleyhead Junction with the signed diversion via A614 Blyth Road, A616 Ollerton Road, A616 Back Lane, A616 Wellow Road, A616 Newark Road, A616 Ollerton Road, A616 Great North Road and A46 to re-join the A1. We expect this route to be very congested and in order to reduce the flows we will also be advising long distance traffic from north of the M18 to use the M18, M1 and re-join the A1 at the A52 Nottingham.

Access to and from Elkesley village and Forest Road will be possible via the northbound carriageway from Twyford junction (Dover Bottom B6387, Gamston).

If you have any concerns regarding these works then please contact Nicola Komzolik, Public Liaison Officer, via email nicola.komzolik@carillionplc.com or telephone 07919 691 226.

Regards

Ian Bingham
Project Manager
